

Target Practice

Over the summer holidays, it would be great for your child to work on their individual targets that have been identified in their report. To enable your child to do this, please look at the resources and links provided below.

Numeracy Targets

To help your child to read, identify and write numerals to 20, try letting them play on the games below.

<https://www.topmarks.co.uk/learning-to-count/helicopter-rescue> - click the link to let your child play a game of 'Helicopter Rescue' which will support them in identifying numerals up to 20.

<https://www.topmarks.co.uk/learning-to-count/blast-off> - encourage your child to listen carefully to the numbers being called out to enable them to select the right rocket to blast off into space.

<http://www.ictgames.co.uk/> - support your child with recognising and ordering numerals to 20 by letting them play a game of 'Whack a Mole' using this link.

In order to practise doubling, halving and sharing, why not let your child play one of the games below?

<http://www.ictgames.co.uk/> - Click on the link to let your child play a game of 'Archery Doubles'. This game will help your child to recall their knowledge of doubling numbers.

<https://mathsframe.co.uk/en/resources/resource/306/Maths-Fishing-Multiplication> - let your child have a try at fishing out the right answer as part of a game of 'Maths Fishing'.

<https://www.ictgames.com/mobilePage/doggyDivision/index.html> - Strengthen your child's understanding of sharing and division by helping them to feed the bones to the puppies as part of this fun interactive game.

To help your child to solve problems involving addition and subtraction, encourage them to play one of the games below.

<https://mathsframe.co.uk/en/resources/resource/549/Addition-Mini-Maths-Golf> - let your child play a virtual game of golf while practising adding numbers.

<https://www.topmarks.co.uk/addition/robot-addition> - support your child with adding numbers together by letting them take part in this multiple choice game.

<https://www.topmarks.co.uk/maths-games/daily10> - encourage your child to practising subtracting using this daily quiz. Remember to start at level 1.

<https://www.bbc.co.uk/cbeebies/puzzles/numberblocks-number-magic-quiz-level-1> - click on the link to let your child play a simple addition and subtraction game using their favourite characters from the Numberblocks.

Here are some other great websites full of fantastic games if you want your child to work on other areas of numeracy.

Reading Targets

You can support your child to sound out and decode words by encouraging them to regularly read out the phonemes on the phonics sheet or play on the games below.

Use the attached 'Set I Sounds' phonics sheet to recap and revise all the phonemes needed to help them to become fluent readers.

Encourage your child to use their set I sounds to help them to read simple words from the attached 'Reception Reading Sheets'.

<https://www.bbc.co.uk/bitesize/topics/zf2yf4j> - click the link to let your child watch videos to help them recap the set I sounds.

http://www.literactive.com/Download/live.asp?swf=story_files/hanging_monkeys_US.swf - support your child with reading simple CVC words by letting them play this game.

To help your child read the 'Red Words' words by sight, please use the resources below.

Please use the attached 'Red Words' sheets to encourage your child to regularly read these tricky words by sight.

To strengthen your child's understanding of a text when reading, try asking them a range of comprehension questions throughout the reading session.

Use the 'Guided Reading Questions' sheet to support you in asking your child a range of questions at regular intervals throughout a reading session.

Please remember to access our new Sora e-book library and Oxford Owl to find hundreds more e-books for your child to read. Don't forget to record every book that your child reads so that they can take part in our Summer Reading Challenge!

Writing Targets

To help your child to learn how to spell the 'Red Words' words correctly, try getting them to practise spelling words from the sheet provided or play the games below.

Please use the attached 'Red Words' sheet to encourage your child to regularly practise spelling these tricky words.

www.ictgames.co.uk - click on the link to play the 'Little Bird Spelling' game to revise some of the red words that your child has been taught so far.

<http://www.ictgames.com/mobilePage/spookySpellings/index.html> - help your child to spell some tricky words by letting them play on this game.

To encourage your child to use the kinetic letters style of handwriting, try to get them to write on the sheet provided.

Use the attached 'Kinetic Letters Sheet' to help your child to form every letter to the correct size.

Let your child practise forming each letter correctly using the 'Kinetic Letter' sheets provided.

Help your child to spell simple words correctly by letting them play on the games below.

<http://www.ictgames.com/mobilePage/forestPhonics/index.html> - click on the link and get your child to play the game 'Forest Phonics' which will require your child to use their phonics knowledge in order to spell simple words.

<https://www.bbc.co.uk/cbeebies/puzzles/alphablocks-school-words-quiz-> click on the link to let your child play simple spelling games using their favourite characters from the Alphablocks.

Use the resources below to help you encourage your child to include descriptive words in their writing.

Support your child with adding interesting description to their writing by filling in the 'Adding Adjectives' sheet.

Read through the words on 'Character Adjective Mat' to help your child learn the meaning on new descriptive vocabulary.

You will be able to find lots more writing games by clicking on the links below.
